

Our commitment to you

We are a family owned and operated fiber mill. We take pride in our work and treat your fiber as if it were our own.

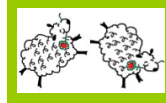

Personal service is something we pride ourselves on , working with each customer on an individual basis to make a product they can use and be proud of.

Feel free to give us a call to discuss your fiber order. Please leave a message on our phone if you do not get one of us in person, we do try and get back with you within a day.

Blessings and Peace!

Jim ~ Lynn ~ Deanie & the dogs.

FYI's:

- You will get **your** own fibers back.
- We have a low minimum charge - 2 lbs per batch
- Turn around time varies on the time of the year, but generally washing and carding is 4 weeks and spinning about 3 - 4 months.
- We can process fibers up to 7 inches , longer than that will wrap and cause excessive losses.
- We process each bag of fiber separately unless instructed otherwise
- Processing will not remove all the vegetable matter. You know the old saying, garbage in—garbage out. Rumpelstiltskin fooled many people into thinking you can ACTUALLY spin straw into gold :-)
- If we are spinning your fibers we will have to wash them, as fibers need to be VERY clean for spinning. There have been a FEW exceptions.
- You may send you fibers via any carrier you like, we return ship FedEx Ground. We do suggest removing all the air from the bags so your shipping costs are less and you are actually paying close to the weight of the fiber, not the dimensional weight of the box.
- Volume discounts that are cumulative
- We carry fibers to add to your fibers, from silk, to alpaca, wool and more. Call or write for pricing and available fibers.

Spinderella's Creations

Fiber Mill

FOR ALL YOUR FIBER PROCESSING NEEDS

Spinderella's Creations has been opened since 1995, starting as a washing and carding service only. In 2004, we added spinning equipment to become a more full service custom fiber mill.

We specialize in small orders, having a 2 pound minimum charge for each batch run; each bag of fiber is considered an order.

Jim and Lynn are artists themselves, and that allows us to be creative in the processing of your fibers. We love working with you to create that one of a kind look to your fibers— from wool and alpaca to dog and bunny fluff ; your fibers are important to us.

From start to finish, your orders are hand processed. From washing to carding to spinning—we are there every step of the way.

Questions are always welcome! Drops offs by appointment only. Due to time restraints and liability issues ,we are unable to give mill tours.
